

ILLINOIS DEPARTMENT OF CORRECTIONS

John N. Nunley, CADDC
Statewide Manager of Addiction
Recovery Management Services Unit

"Addiction is a disease; not a character flaw"

IDOC Mission

- ▣ To serve justice in Illinois and increase public safety by promoting positive change in offender behavior, operating successful reentry programs and reducing victimization.

Addiction Recovery Management Services Unit (ARMSU) Mission:

- ▣ The mission of the ARMSU is to formulate consistent guidelines for the development and implementation of addiction recovery management programs and the continuum of care within the Department; to coordinate the screening, assessment, and referral of offenders needing and/or requesting addiction recovery services; to monitor the care and standards of substance abuse treatment provided to offenders; to serve as a resource for the Agency and provide consultative services and training to agency staff and community providers around addiction issues.

Fiscal Year 2017 Stats

Offenders screened for need of ARMSU Treatment Services by the TCU (Texas Christian University Screening Tool): 24, 000 +

Offenders Receiving ARMSU DASA Licensed Treatment Services: 6,000 +

Offenders Receiving Drug Education: 5,000 +

DASA Licensed Substance Abuse Treatment Beds: 3,500 +

Opioid/Medication Assisted Treatment Services (MAT)

All IDOC DASA Licensed Substance Abuse Treatment Programs are educating offenders on all MAT medications.

Sheridan Correctional Center (Male) currently has a MAT/Vivitrol Injection pilot program.

Southwestern Illinois Correctional Center (Male) and Logan Correctional Center (Female) will be implementing MAT/Vivitrol Injection program by the end of 2017.

As of 11/2017 IDOC will be educating offenders about Naloxone/NARCAN before release to the community.
